

2025 Dryland World Championships

Example information for application

It is essential as you gather information, you confirm the format required for times and dates, for example dates should be organized YEAR/MONTH/DAY and times should be in MM:SS.ss.

You will need to fill out an online application form for EACH category you are applying to compete in. For example, if you are applying for Canicross Elite Men's (DCM) and Bikejoring Elite Men 1-dog (DBM), 2 separate applications will be required.

Results provided must be from the discipline you are applying for, but leighway will be given for the exact class. For example if you are applying for Bikejoring Elite Women 1-dog (DBW) but for the race women's bikejor class was combined with the men's class or with masters class, the result can still be used for the purpose of your application. You cannot use another discipline result outside of the class you are applying for. For example, you cannot use a skijor result to apply for a bikejor class.

WE WILL BE USING THE SAME CRITERIA AS PAST YEARS:

1. You will need a DID | CAHDS
2. You will need 4 races in 2 years finish in top 50% (4 in 4 yrs for rig)
3. You will need to race at a minimum of ONE RO sanctioned event
4. You will need an RO membership or independent membership with CAHDS

During the selection process the selection committee will consider the competitiveness level of the field: number of participants, best finish time etc... Should 2 athletes have similar qualifications making them eligible for the same Team Canada spot, priority will be given to athletes residing within a province with a recognized Regional Organization.

There will be an application deposit of \$100/discipline. If you are selected for the team this \$100 will be applied towards your entry fee. If your application is complete, and you are not selected, this fee will be refunded. If you are selected, and decide not to participate in the championships, the application deposit will not be refunded. This application deposit has been added to the selection applications to place value on the time of the individuals who make up the Selections Committee, by helping to ensure those applying are serious about participating.

The following document is an example of the information required for the Google Forms Application. This is **NOT** an application form, it is a guidance document so you can organize the required information to apply for each category you are applying too.

Athlete Information

1. First Name:
2. Last Name:
3. Email:
